PUNISH ESKIMOS FOR MURDER OF TWO EXPLORERS

Expedition Will Go North This Summer to Avenge Deaths of Radford and Street.

CONSERVATIVE ATTACKS MINISTER OF MILITIA

Swamp Lands Purchased for Military Training Camp—"Foolish Extravagance."

OTTAWA, June 8.—The Commons did another heavy day's work Saturday, many millions of dollars to be spent before the current fiscal year is closed. The militia estimates, which were the subject of many hours of discussion on two previous occasions, were particularly all put through. There were no fire works.

The estimates of the department of militia were also nearly all disposed of. On a mounted police item, Mr. Oliver said that he had noted that an expedition was going north to seek the remains of the explorers, Radford and Street. In his opinion the expedition was not so much to seek the remains of these men as to make the lives of the north understand that the lives of white men must be respected. A punitive expedition would probably have difficulty and might even result in worse conditions. Some of the northern tribes know nothing of our laws and customs. He had consulted with the opposition leader and he agreed with him that it was desirable to send north an expedition with the hope of improving conditions among these tribes.

A. C. Ehlert, of Two Mountains, was informed by Dr. Reid that no railway subsidy bill would be brought down this session.

Mr. Hugh Guthrie took up the report of Commissioner Ferguson on the Trestle Valley canal. Mr. Guthrie declared that the report was partisan, unfair and misleading and that some of it was directly contrary to the evidence.

A surprise came to the house in the form of a spirited attack on the minister of militia, by Mr. George Fowler, conservative member, for Kings.

Mr. Fowler's complaint was in regard to action of the minister in buying a new military training area of about 100 acres, from the provincial government. Mr. Fowler asserted that a hundred thousand acres of swampy land had been purchased for the purpose for which it is intended, over two million dollars would be required to clear the land. Mr. Fowler characterized the purchase of this area as a wild, reckless and foolish piece of extravagance. He added: "I am opposed to it absolutely, no more beautiful or suitable camp grounds could be found, than the historic camp of Sisseton."

Col. Hughes said the camp at Sisseton was a very little area for practice, but was not suitable for military maneuvers or big artillery. The minister desired that the new area in New Brunswick would cost anything where there is as much as Mr. Fowler had stated. It amounted to \$3,000,000. The department of militia had paid \$12,000,000 for right of way for the national transcontinental railway through the land.

A considerable portion of the land was already cleared, and the militia men would do much of the clearing themselves. Besides, there was a considerable timber on the land to pay what it had cost.

Mr. Dupleigh thought it strange that the minister would select the area on the recommendation of the provincial government, none of whose members are military men.

STEAMER ALLIANCE IS FIRST LINER TO PASS GATUN LOCKS

Panama, June 8.—The first passage through the Gatun locks by an ocean liner was successfully carried out today by the Panama railroad steamship Alliance, a vessel of 4,000 tons.

The trip was made a test of the working of the electric locking of the locks. The Alliance, a vessel of 4,000 tons, was handling a large vessel. The operation passed off without an accident. ATTEMPTED FRAUDS ON LIQUOR LICENSE BRANCH DETECTED

Ingenuous Compounds Which, When Dissolved, Make Beer Are Advertised. SELLERS ARE LIABLE TO PROSECUTION AND FINE

Small Vials Look Like Toothache Mixture but Produce Full Strength Cognac.

A smart look out is being kept by F. G. Fowler, chief license inspector in the liquor license branch of the attorney-general's department for substances sold in other parts of the country and in the United States under pretence of being medicines or cordials. An advertisement in the local press has given wide circulation to this device regarding a mixture called "Ambrosia," which, when dissolved in water, produces beer. It is advertised as "beer made in condensed form," and the advertisement states that it is "simply won't."

Anyone dealing in this beer substitute in this province is liable to be prosecuted under the liquor license act for selling liquor without a license. Samples of the mixture were recently analyzed by Dr. Revell, provincial analyst, and it was found that when "Ambrosia" is dissolved and allowed to ferment a beer with a really good "head" is produced. An amendment was made to the liquor license ordinance last season, adding to the definition of intoxicating liquors "any compound or preparation, the dissolving or mixing of which with liquids or fluids produces any intoxicating liquor." The mixture in question is described in the advertisement as a "liver beer," but it contains more than the two and a half per cent. alcohol which constitutes an intoxicant.

Another Ingenious Attempt to Evade the Liquor License Laws is Made by the manufacture of Zanol. This is sold in small vials each containing about two thirds of a fluid ounce. When this liquid is mixed with the requisite amount of water and sugar, it produces a quart of full strength cognac brandy. As a man could carry hundreds of the small vials in his pockets, it will be seen that Zanol is a very convenient way of carrying liquor. So far as is known neither the manufacturer nor the dealer are at present being sold in the province, but samples of Zanol have been found in the possession of bootleggers who have used it for making their own special brands of drink.

Polo Game Postponed. Hempstead, N.Y., June 8.—The first game of the international polo cup series was postponed today until next Saturday at 4 p.m. The postponement was due to the heavy rain which fell yesterday by Captain Leslie St. Cheape, of the English team. The game was to have been played tomorrow.

WILL CONSOLIDATE INTERESTS IN ONE BIG, STRONG FIRM

W. J. Walker, President Alberta Pacific Company, Talks to Brother Frank.

EVEN NEWSBOYS BUY STOCK WITH PENNIES

Many New Concerns Are Floated Daily—Office Clerks Overworked.

With the end in view of consolidating several big oil and oil land interests into one large concern, W. J. Walker, president of the Alberta Pacific company of Calgary, and one of the prominent financial men of the foothill city, is now in Edmonton. The name of the new company has not yet been given out, but it is stated, including Calgary, Wetaskiwin, Nakanam and Athabasca, the idea being that it will control leases in several of the prospective oil fields of the province. Several of the foremost financial men in Edmonton and elsewhere throughout the province, as well as Calgary, will be associated with the enterprise, including Frank Walker, M.P.E., of Fort Saskatchewan, who is a brother of the Calgary man.

The two brothers were at the King Edward hotel last night. Both have been pioneers in practically every part of Alberta, British Columbia and Washington. The sturdy and popular member of the legislature for Victoria spent five years in the Yukon when the gold rush was at its height and he was in the mining districts of the interior of British Columbia, while W. J. was for 15 years connected with a newspaper, as editor and manager, in Spokane.

Newsboys Buy Shares. "I never say anything like that way the people of Calgary went after oil stocks after the Dinkman rush," said the latter last night. "Men and women sold everything they had to invest in oil. Even newsboys on the streets peddled their way frantically through the crowds into the brokers' offices with pennies they had taken from their little iron tanks and demanded oil shares."

"Now the excitement has died down and there are not as many sales, but the big fellows are coming in from the east and south and big sales are going through—sales made after deliberate thought by people who have a keen sense of business. There are also many drilling men there from all parts of the country."

NORTH'S REFUGED WHILE MORE RAIN WANTED IN SOUTH

Peculiar Weather Conditions Exist in Various Parts of Alberta.

ALL RECORDS FOR JUNE BROKEN BY THIS MONTH

Five Inches Moisture Have Fallen Since Storm Broke on Wednesday.

The thermometer at the Dominion Meteorological Station in the Highlands was raised this afternoon and the temperature was becoming gradually colder. M. H. Holden, in charge of the station, stated that a change might be looked for within the next 24 hours. To night the moon will be at full and with the change of the moon, there is often a change of weather.

With the month only eight days old, all records of rainfall for June for the past 31 years have already been eclipsed. The average rainfall for June for the past ten years is only 1.78 and up to noon today there had already fallen 4.72 inches. Unless a change takes place shortly, the rain will be able to eclipse the records for the month of July, usually the wettest month of the year. The wettest month on record was one July when it rained 11.8 inches in 31 days.

Although there has been some rain over the entire province, the amount which has fallen in the south is very slight and the crops are still needing moisture. Hon. A. J. McLean, provincial secretary, came up from the south during the week end and he states that if the dry weather at Lethbridge continues for another week, a little rain will be near the danger line. A little rain fell in Lethbridge on Thursday last.

J. A. McColl, member for Acadia, in the city today and was arranging for some of the cabinet ministers to go south to address a liberal gathering which will take the form of a picnic at Youngstown tomorrow.

A ceremony in connection with the driving of the first spike on the Alberta and Great Waterways railway should have taken place today and Premier Sifton was to have been present. In view of the weather conditions, the ceremony has been postponed.

HUERTA RESCINDS HIS ORDERS FOR TAMPOCO BLOCKADE

Incident Has Been Safely Adjusted, Says Justice Lamar.

SPANISH AMBASSADOR ADVISED OF CHANGE

No Action Taken Regarding Cuban Ship Antilla Carrying Arms.

Niagara Falls, June 8.—Mediation passed safely today over the shoals of threatened disruption. General Huerta came to the rescue, rescinding the order which he had issued for a blockade at Tampico, circumstance under which the blockade had been put in effect. The mediation was effected by the presence of King George and Queen Mary, who had been invited to the conference by the mediators.

"We have received word from Secretary Bryan that the Spanish ambassador has been advised by General Huerta of the rescinding of the blockade," Justice Lamar said. He was informed as to the reasons which had actuated Huerta. The mediators said they had taken no action with reference to the movements of the Cuban ship Antilla, carrying arms for the constitutionalists at Tampico, the incident which brought up the question of the blockade.

The Mexican delegates, however, announced that they would issue a statement of explanation. In Washington, June 8.—In official circles here the rescinding of the Tampico blockade order was regarded as a victory for the General Carranza government. General Carranza's answer to the mediators, it generally was expected, would be forwarded from San Antonio tonight or tomorrow.

Upon what terms the constitutionalist leader's representative may agree to enter the negotiations, were not definitely known here, but there was a feeling that conferences with the Washington government and General Huerta had worked an understanding by which the scope of mediation was to be broadened.

The blockade incident was only the latest of a series of conferences between the American delegates and the mediators. It was regarded as a past issue. Then the American commissioners presented the peace plan which they had drafted. In many respects it is the same as was suggested by the Mexican delegates and the mediators. PERJURY IS BEING PREPARED IN CITY COUNCIL

INQUIRY, HE ADVERTS

Declares That Detectives are Planning Against Certain Officials of the Municipality and the Province—Justice Scott Confirmed by Aldermen to Conduct the Probe.

That Justice Scott who will conduct the investigation into the police and municipal governments in Edmonton since the assumption of the two cities will have perjury as well as direct evidence to sift when the probe is fully opened, the intention of Alderman Clarke at the special meeting of the city council held this morning, with King George and Queen Mary in charge of the investigation of Justice Scott.

Alderman Clarke's statement was made in connection with the recommendation that City Solicitor Hovell be instructed to represent all paid employees of the city should they be involved in the investigation, but that unpaid civic officials procure solicitors of their own to advise them.

"In order that no one may protest against the city solicitor being employed to defend any unpaid official, I believe that such action is advisable," he declared. "There will be statements to contradict and evidence to fight since perjury is being prepared by detectives, aimed at certain city officials and at officials of the province. Alderman Clarke gave no details, nor did he express any reason for his belief that perjured statements and evidence will be introduced into the investigation."

The resolution passed at the last meeting of the council authorizing the investigation and requesting Chief Justice Harvey to conduct the probe was rescinded, and a resolution identical with it except that Justice Scott's name replaced that of the chief justice, was unanimously carried by the council.

It was deemed advisable to allow Justice Scott to name the solicitor who will have direct charge of the investigation, the council believing that such action would preclude any possibility of objection on the part of those whose names the investigation was ordered. Should those in charge of the investigation find that it assumes a broader scope than that outlined in the resolution passed by the council, that body stands ready to convene on 24 hours notice and to give any aid to the investigation, holding the investigation that is possible. A resolution to the effect introduced by Alderman Clarke was unanimously carried.

"I believe that such a resolution will do away with any chance of force to the investigation, and that the investigation was purposely limited," he stated. "I am sure that the original resolution was made in the belief that it could be carried at the time, but there is the possibility that new developments may arise which the council would give no possible broadening of range."

Justice Scott, who is in charge of the investigation, has been invited by Hignar, K.C., to conduct the same, and Mr. Hignar announced this afternoon that he had been invited by the council. Hignar stated that he would like all the citizens to co-operate with him in the probe, and that he would be glad to have any evidence touching any phase of the situation, whether it should help or hinder the investigation, connected with any city department or not.

TWO HUNDRED STARVING WOMEN BEG GOVERNOR TO SURRENDER THE CITY

On board U. S. S. California, Mazatlan, Mexico, June 7.—Two hundred starving women traile in a straggling procession behind the carriage of the military governor of Mazatlan today, imploring him to surrender the city to the American constitutional army. The federal garrison is not much better off for food than the non-combatants. It is supposed to be protecting three days' fighting at Santiago, lower California, between the federal and constitutional forces, was reported today by Rear Admiral Doyle. The women said to have been left and the result indecisive.

At San Tiago, lower California, American troops, owners complain that they have been looted by federal soldiers, the Mexican cruiser Guerrero and the American cruiser Raleigh are now headed up the Gulf of California.

The captain of this port and his assistants were thrown in jail today by the federal government for permitting the capture of this afternoon by the constitutionalists of a government tug.

No peace for King George and Queen Mary. The latest order given by the headquarters staff of the present suffragettes, and their followers now allow few appearances of their Majesties in public to pass without some kind of demonstration.

London, June 8.—Another demonstration by a militant suffragette in the presence of King George and Queen Mary was carried out at the International horse show at Olympia this afternoon. The suffragettes had hardly taken their seats when a young woman rose in the stalls opposite, and in a shrill voice, screamed denunciations of the forcible feeding of suffragette prisoners. The police pounced upon

MUDDY WATER MAY REACH CITY MAINS

Should the rainfall continue in the vicinity of Edmonton, it is probable that water, somewhat muddy and turbid, will find its way from the river into the city mains. The filtering plant of the city is at this moment taxed to its utmost capacity and should it be unable to keep the water supply from the river in the water supply may be expected.

"Recent heavy rains have made the water in the river extremely muddy, due to the clay banks miles up the river," Commissioner Chalmers declared this morning. "The water is so muddy that it is possible to see through it. It is only through lack of sufficient capacity to filter that this has occurred. The filtering plant of the city is at this moment taxed to its utmost capacity and should it be unable to keep the water supply from the river in the water supply may be expected."

Dr. Cosmo Gordon Lang Issues Appeal to Bring Ulster Menace to an End

London, June 8.—On the eve of the reassembling of parliament a remarkable letter is published from Most Rev. Cosmo Gordon Lang, D.D., archbishop of York. Dr. Lang not only holds an exalted position as a prelate, but his grace has the credit among thinking men of exceptional clear-sightedness. His views no doubt carrying additional respect because he invariably shows extreme deliberation before putting them into print.

"Thousands of thoughtful critics," writes Dr. Lang, "at this critical moment appeal to members of parliament, especially the leaders of all parties, to lift this grave and insistent problem out of the entanglements of party pride and policy and face it with a resolute determination to seek peace and ensure it."

"I venture, as one who, by virtue of his office stands outside the region

HINDUS ARE STILL THORN IN SIDE OF IMMIGRATION MEN

Steamer Charter Expires June 11, When Agents May Seize Cargo.

GURDIT SINGH IS NEWSPAPER READER

Asiatics Spurn Food, Medicine and Everything—Dead-lock Continues.

Vancouver, June 8.—The deadlock between the immigration officials and the Hindus still continues, and with the balance of the charter money unpaid, it is altogether probable that the Komagata Maru will be forced to sail back for Japan soon after the end of the present week. The charter runs out on June 11, and after that, the agents of the owners of the ship may take possession of the coal cargo and sell it.

Last Sunday Dr. Monroe, medical agent for the immigration department, went aboard the Komagata Maru to make a personal investigation of the starvation. He was unable to investigate much, however, for as soon as his boat approached all the Hindus on deck were ordered below and they hurried from the folds as rapidly as possible. Dr. Monroe informed the Hindu doctor aboard that he might be allowed ashore to purchase medicines, but when the Hindu physicians appeared to Gurdit Singh for the money to buy these, Gurdit promptly refused to provide any.

An incident occurred today which shows to what little straws the Hindus cling, but it shows, too, how sharply they watch the newspapers. Friday afternoon Vancouver Hindus sent out under care of the immigration officials the five tons of fresh provisions which Gurdit Singh promptly spurned and sent back to shore. Official reports of the incident went to Ottawa, of course, and Dr. Roche, minister of the interior, mentioned it in parliament on Saturday evening. Accounts made it appear that Dr. Roche had said that these goods were sent out by the immigration department. The error, when on Dr. Roche's part, or the slip of the newspaper men, was a very small one, but the Hindus seized on it on Sunday to send another telegram to the governor-general about it. They alleged that this was another instance in which Capt. Reid had misled the government. The Hindus now refer to Reid as "the enemy."

THE INDEPENDENT ORDER OF FORESTERS

The Fraternal Giant in the Insurance World.

In the May edition to the official organ of the I. O. F., the society's secretary, Mr. Sidney H. Pipe, presents the first annual report since the whole order has been placed on actuarial basis in keeping with the rates paid by those members who have taken out insurance during the last fifteen years.

"The valuation disclosed a net surplus of \$481,645.00 in the total assets of \$13,648,754.00, after providing the reserve necessary to meet the benefits contained in all mortuary benefit certificates in force at the date of valuation. These reserves are based upon the Foresters' Mortality, Disability and Sickness experience and four per cent. interest and are adequate to provide against any future increase in the rates of assessment."

"As the total average interest earning of the order is at present over five per cent., it means that several hundred thousand dollars per year will probably be placed to the credit of the Fraternal Fund over and above the amount required, the accumulated funds for the protection of the policies in force."

The I. O. F., from an actuarial standpoint and the measure of protection provided in its policies today is the Fraternal Giant of the United States, Great Britain and Canada, and in point of membership has been termed in the Canadian Insurance Journal the greatest Canadian Life Insurance Company.

In fraternal societies it is remarkable that an economy in insurance protection can be effected on the basis of co-operative actuarial cost.

A member of the I. O. F., if accepted by the medical board for same, can carry \$5,000 insurance, payable monthly, at the age of 20 for \$5.00 per year; at the age of thirty for \$7.50 per year; at the age of forty for \$10.00 per year; at the age of fifty for \$13.50 per year. Those who join from eighteen to fifty can apply for insurance from \$500 to \$5,000, that gives them a cash surrender value of \$750 such as is carried, on proof of total disability or on reaching 70 years of age. Optional cash and funeral benefits provide protection of from three to ten dollars per week, and in addition to this there are orphan homes and consumptive hospitals and homes for aged Foresters.

Men and women needing additional insurance protection can make no mistake in applying for it in this order that has been referred to sometime ago, by the Toronto Saturday Night, as the greatest fraternal order of the world and a Canadian institution.

CHURCH INVASION NOW PORTION OF MILITANT PLANS

Two Catholic Cathedrals Entered by Followers of Mrs. Emmeline Pankhurst.

PALACE GROUNDS PROVE TO BE POORLY GUARDED

Intruder Wanders About Buckingham For an Hour Before Being Arrested

London, June 8.—Suffragettes for the first time yesterday invaded Catholic churches and created scenes by attempting to harangue the congregations. Worship was disturbed in both Westminster cathedral and the Church of the Gratiety, Brompton.

Father Bernard Vaughan had just taken his place in the pulpit in Westminster cathedral during the evening service when a woman rushed up the steps into another pulpit, and waving her arms toward the altar, shrieked:

"In the presence of the Blessed Sacrament I protest against the forcible feeding of women."

She was well dressed and apparently a woman of refinement. The congregation, which was shocked by the woman's action, rose from their seats. Murmurs of protest at the sacrilege rang through the edifice. One of the women worshippers tried to persuade the suffragette to descend from the pulpit, but she remained there waving her arms and yelling incoherently until the verses forcibly pulled her down the steps and led her to the doors of the cathedral. There she was turned over to the police. She declined to give her name.

A band of militant suffragettes interrupted the mid-day mass in the Church of the Ontario. A scene of great disorder ensued. Strangers fought and shouting loudly, the suffragettes were forced by ushers and male parishioners down the aisle to the doors and then into the street. Only two of the suffragettes who caused the disorders were arrested. They refused to give their names.

The growing hostility on the part of the public toward the militant suffragettes was shown yesterday by assaults on several open air meetings. Speakers were mobbed, stands were run down and the women were beaten by the police from duckings or beatings. A crowd at Hampstead Heath knocked over the platform from which a party of militants were to speak and scattered the suffragettes in all directions.

A similar scene occurred on Clapham Common. When a militant suffragette advocated the use of bombs, the speaker and those near the stand who were pelted with mud. The police helped the women to escape on a motor bus.

ESKIMOS LOSE TO ROBIN HOODS: RAIN ROBBED THEM OF 2ND GAME

Killeen Allowed a Dozen Hits and Eskimos Lost 6 to 2—Were Leading 4 to 1 in Evening When Game Was Called for Rain in Fourth Inning—No Game.

Moore-Jaw, June 8.—Two games were started here Saturday but only one was finished, the second being stopped at the conclusion of the fourth inning when the rain poured in torrents. The Eskimos were lucky for the local team, as the visitors topped on to Canham's slants in the fourth for four hits, including two triples which netted them four runs.

The first game was a good one over the side of the local fielders was wobbly. Harrah opposed Killeen and had it on the Edmonton slant artist all the way. The score:

NEW PLAYERS SIGN WITH EDMONTON; QUAKERS HERE TODAY FOR 4 GAMES

Not Likely Any Game Today Account of Rain—Dave Gregg and Dave Kraft, Class A Pitchers, Will Join Team—Outfield Will Be Strengthened.

It is hardly likely that the Eskimos and Quakers will be able to play today, in fact, it's a cinch they won't. The grounds are horrible wet and the rain continues to fall. And it may be the best thing for the locals, as it will give the new players now on their way here time to arrive, and thus will the Eskimos be strengthened greatly. The Eskimos have been handed up Eskimo management by and when the some real classy talent and the new one arrive, look out for the Eskimos.

Pitcher Dave Gregg, a player well known in many leagues and claimed by the Cleveland Indians last season is a big right-hander with lots of experience and will fill a big vacancy on the Edmonton line-up, as the young pitcher on the local club find it difficult to work under high pressure.

Pitcher Dave Kraft of the Tacoma club in the Northwestern league, and a pitcher of the Victoria team in the Pacific Coast league, will be in the white and will likely be seen in the white uniform before the week is out.

Bill Williams, until recently with the Regina Red Sox, has been signed by the Eskimos and will pasture in right field in Povey's place. Outfielder Crum of the Victoria club in the Northwestern league is also expected here any day, and will hold down the outfield position while Goldie is on the injured list. Rubie Mills, whom Bill Hurley let out a few days ago, was bought by the Eskimos, but was away before the team struck the run of hard luck.

Well, fans, here we are again, down near the bottom of the league, where we were some three weeks ago. Ain't it funny, what a difference just a few hours makes?

Bill Hurley's Quaker Oats are here today for a four-game series. Wonder will the Eskimos stir them up a little and make porridge out of them?

So the Red Sox have climbed to third place after struggling along near the bottom for a long time. It's a good team they have, and deserve a better fate.

And at that same time the Edmonton Athletics cleaned up practically all the leading events. They always do. Even Palmer, aged his colors and ran for Edmonton.

NATIONALS BEAT TORONTOS 12-7

'Newsy' Lalonde Led Frenchmen to Victory in Saturday's Eastern Lacrosse

Toronto, June 8.—If there was ever any doubt as to the strength of the Nationals it was destroyed Saturday when the Frenchmen, led by the redoubtable and capable leader, 'Newsy' Lalonde, administered a thrashing to the Toronto team. The Nationals were a full seven to the score and goes to show that the Nationals are a fast team. As in their game with Tecumseh the previous Saturday, the Frenchmen started off at a lightning pace and at half time led 9 to 1. However, they failed to make an impression on this occasion, and although Toronto tallied four goals to their three in the remaining periods they kept a commanding lead.

The above teams met Tuesday on the old exhibition grounds in an intermediate league match. This should be an interesting game as both teams are at the top of the league.

The following Stars of England players are requested to be at the ground at 6:45: Shaw, Duns, Murray, Collier, Christie, Adams, Murray, Merrick, Bell, Hilt, Needham, Goldstone.

Welsh vs. West Edmonton. The following Welsh players are asked to be present on the south side athletic grounds Tuesday evening next, the 9th inst., for the game against West Edmonton: Stockton, Anderson, T. Griffiths, E. Jones, Lount, Nichols, Steel, James, Palmer, McChesley, Phillips, Marks, Lewis, Houser, Buckley. City will leave opposite City Dairy 6:30 p.m. Game to start 7 p.m.

Galles vs. Scena. One of the best games so far this season should be the result of the meeting of the above teams at the south side park this evening. Neither team has lost a game so far this season and a battle royal is looked for.

The following players will represent Galles and are asked to meet at the corner of First and Jasper at 6 o'clock sharp: Parker, Kisman, McFirth, McPherson, Whitehead, Cowan, Cantell, Blandland, Twissdale, 39. Dickie, Davidson, Hunter, Thewissen, 28. Tod.

Here He Is Again. New York Times "Battling" Lavinsky, of this city, knocked out Jack Davies, of San Francisco, in the seventh round of a 15-round match here but lost with a right to the jaw.

Regina, June 8.—Jury taking both ends of Saturday's double header from Calgary, Regina moved up to third place. The afternoon game was by far the better contest. After Calgary seemed to have put the game on ice with three runs, together with a triple by Sills in the seventh, gave Regina their first. Two wild throws and two singles netted the locals three runs.

The evening game was in the nature of a farce. The locals hit at will. Regina, made a good show.

VANCOUVER 3, WESTMINSTER 6

Winners in Lead in Minto Cup Series—Small Crowds Attending.

Westminster, June 8.—Westminster took the lead in the Minto cup series when they overcame Vancouver Athletics at Queen park on Saturday, by 6 goals to three.

No more than a thousand people saw the game and one might be tempted to say that the game was a waste of time. They used to generate an enthusiasm which drew a crowd of 10

WORKMEN REMOVING OLD BUILDING FROM SITE OF MUNICIPAL STRUCTURE

The work of removing the ancient brick house that now occupies the site proposed for the new combination fire and police station, which is being erected on the site of the old building, was postponed today by the coming of better weather. Four huge trees that are in the yard of the building will be removed to Hoyle street and Syndicate avenue, where they will be replanted. As much of the brick in the old structure as can be used will be taken to the site of the new building, where it is to be reconstructed.

SIFTON AND BOYLE ARE AMONG THOSE EXPECTED

Crops Never Looked Better Says J. A. McColl, Provincial Member.

An old time party picnic will be held by the liberals of the provincial constituency of Acadia, in the eastern central portion of the province, Tuesday. Of course, there will be others besides residents of that constituency, but it will primarily be for the supporters of J. A. McColl, member for Acadia, who will be in the city today and this morning, left for the south this afternoon at 2:30, going to Toronto.

Mr. McColl, who was one of the original planners of the picnic, leaves in the morning at 10:30 for the south. He is expected to be in the city today and this morning, left for the south this afternoon at 2:30, going to Toronto.
